

FOOTHILLS WATER & SEWER, LLC
Notice of Application for Modifications to Off-Site Hook-Up Fee Tariffs
ACC Docket No. WS-21182A-26-0050

On March 11, 2026, Foothills Water & Sewer, LLC (“Foothills”) filed an Application with the Arizona Corporation Commission (“Commission”) requesting approval of modifications to Foothills’ Off-Site Hook-up Fee (“HUF”) Tariffs. The HUF Tariff rates are charged to new connections in Foothills’ Yuma water and wastewater divisions. The purpose of the HUFs is to equitably apportion the costs of constructing additional off-site facilities necessary to provide water and wastewater service among all new service connections. Using HUFs to fund certain water and wastewater facilities helps Foothills keep costs down for existing customers and ensure that growth within Foothills’ service area pays for itself. The Commission approved Foothills’ prior HUFs in 2013, and the requested increase is necessary to reflect the current costs of constructing off-site facilities.

The HUFs proposed for new water connections are as follows:

OFF-SITE HOOK-UP FEE TABLE
